TREADMILLS

All 800+ series treadmills now have the same durable platform with all white LED console for a clean updated look. A center control panel with primary buttons, direct speed and incline controls for interval training and more storage options provide users with added convenience, while an improved fan design with adjustable angle provides exceptional comfort. Stay engaged and connected with Bluetooth BLE4.0: compatible with Heart Rate Transmitters and many 3rd party apps.

CT800⁺ TREADMILL

The CT800+ commercial treadmill has a reputation for reliability and value that meets your space and budget needs. Weighing in at 204 kg and backed by an impressive warranty, this machine is truly heavy-duty and packs a load of premium features that keep clients happy. The top control panel boasts a simple and intuitive design with direct speed and incline buttons, multiple storage options for water bottles, phones, and other accessories, as well as a built-in fan that helps keep users cool. The ergonomically positioned hand pulse sensors let users easily monitor vital stats, while a variety of built-in programs allow nearly endless workout customization to suit a wide range of fitness levels.

FEATURES

- Bright white multi-window LED console is easy to read and simple to use.
- Direct speed and incline buttons make workouts more efficient.
- Contact and wireless heart rate options to help keep clients in their safe and effective training zone.
- Maintenance-free deck system provides hassle-free use for thousands of miles.
- Multi-ply commercial belt for superior belt life.

CONVENIENT CONSOLE

Console includes an adjustable fan, cell phone ledge, small storage tray, tablet-friendly reading rack, bottle holders, USB charging port and more.

HAND PULSE SENSORS

Ergonomically correct hand pulse sensors to help track and monitor your heart rate during training.

LED DISPLAY

White multi-window LED displays provide feedback for distance, calories, pules, time, track, speed, incline and more. Plus, you can quickly shift your speed and incline with direct access buttons.

Console	4 White LED windows including Program Profile, 18 character message window, Speed window, Incline window

Max. User Weight	204kg / 450lbs

ELLIPTICALS

All 800+ series ellipticals have the updated console design with all white LED provides a cleaner display for important metrics, while a USB charger and Bluetooth BLE4.0 provide increased connectivity and technological enhancements.

CE800⁺ ELLIPTICAL

The CE800+ was specifically engineered for the commercial environment, from its heavy-duty steel frame to its premium console features. Its design focuses on convenience, comfort, reliability, and aesthetic appeal. Facility owners will have the peace-of-mind knowing they have a dependable machine while users experience a fluid total-body workout.

This unit uses a generator to power the console. Therefore, there is no need for an electrical hookup. Dual track with shielded concave roller wheel system for superior stability and durability.

FEATURES

- Smooth, quiet 508mm stride, which is the optimal distance for the average user.
- Generator powered console means there is no need for electricity.
- Dual rollers on each pedal arm for a sturdier base.
- 2 degrees of inversion at each foot pedal places the user in an anatomically correct position.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.

COMFORTABLE STRIDE

Spirit Fitness elliptical trainers are the only elliptical trainers that have an integrated two-degree inward tilt to make your workout more comfortable. The pedals are also padded, placing less stress on your feet.

GENERATOR SYSTEM

This unit uses a generator to power the console. Therefore there is no need for an electrical hookup.

PULSE GRIP HANDLES

Ergonomically designed handles that provide a comfortable grip throughout the workout plus two stationary handles on console with pulse grip to easily get an accurate heart rate.

Console	4 White LED windows including Program Profile, 18 character message window, RPM window, LEVEL window
Programs	Manual, 5 Preset, Custom, Fitness Test, Heart Rate Control, Constant Power, METs Readout
Resistance	40 Levels
Heart Rate	contact and Bluetooth compatible (chest strap sold separately)
Foot Pedals	Oversized with 2-Degree Inversion
Drive Train	Front Drive
Power	Self-Generating
Flywheel System	14kg / 30lbs
Frame	Heavy-Gauge High-Strength Steel with Durable Powder-Coat Paint
Stride Length	508mm / 20"
Dimensions	1981 x 635 x 1778mm / 78" x 25" x 70"
Product Weight	110kg / 244lbs
Max. User Weight	204kg / 450lbs

CE850⁺ ELLIPTICAL

The CE850+ adjustable stride Elliptical Trainer combines our robust and compact front-drive elliptical design with the ability to customize your ideal stride motion from 457-610mm. Our narrow pedal spacing (Q-Factor), large cushioned pedals, and ability to simulate a walk/jog/run through electronically adjustable stride adjustment combine to give you the ultimate cardio workout for your users.

FEATURES

- Electronically adjustable stride length from 457-610mm.
- Multi-position hand grips with remote resistance and stride controls.
- 20 levels of resistance to satisfy the needs of beginners or advanced exercisers.
- Dual track with shielded concave roller wheel system for superior stability and durability.
- 2 degrees of inversion at each foot pedal places the user in an anatomically correct position.

FOOT PEDALS

Our pedals have 2° of inversion that help place your body into an anatomically correct position throughout the workout.

Console	4 White LED windows including Program Profile, 18 character message window, STRIDE window, LEVEL window
Programs	Manual, Hill, Fat burn, Cardio, HIIT, Interval, 2 Heart Rate, Custom, Fit Test
Resistance	20 Levels
Heart Rate	Contact & Telemetric, (Heart Rate Strap Not Included)
Foot Pedals	Oversized with 2-Degree Inversion
Handlebar Controls	Yes; Stride and Resistance
Power	AC 120V / 60HZ, AC 230V / 50HZ
Flywheel System	14kg / 30lbs
Frame	Heavy-Gauge High-Strength Steel with Durable Powder-Coat Paint
Stride Length	457-610mm / 18" - 24"
Dimensions	2143 x 820 x 1800mm / 84.4" x 32.3" x 70.9"
Product Weight	125kg / 276lbs
Max. User Weight	204kg / 450lbs

UPRIGHT BIKES

The improved frame and updated console design with all white LED provide added durability and a clean look. Now with USB charger and Bluetooth BLE4.0 for increased connectivity and technological enhancements. Plus a new dual cup holder/tray to keep important items at hand during use.

CU800⁺ UPRIGHT BIKE

The CU800+ Upright Bike was specifically engineered for the commercial environment, from its heavy-duty steel frame to its durable powder coat paint finish. Features like built-in hand pulse sensors on the multi-position handlebars, as well as the easy-to-read console with a variety built-in programs, satisfy casual and committed users alike. The extra-smooth ride comes from the perfected gearing and the integrated generator/flywheel system.

FEATURES

- Built-in contact and telemetric heart rate capabilities for a more effective workout.
- Generator-powered console means there is no need for outlets or power cords.
- Oversized foot pedals with fast-latching system.
- Padded ergonomic seat with fore/aft/up/down adjustments for extra comfort with customizable fit.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.

ADJUSTABILITY

You can adjust the seat easily and intuitively by pulling up on the yellow spring-loaded handle located directly in front of it.

EASY TO MOVE STEADILY

here are transport wheels integrated into the front floor support tube for ease of repositioning. Simply lift and tilt the front end to roll the unit to your desired location.

LED DISPLAY

The bright LED screen displays all pertinent information is displayed during the workout and a summary of accumulated data scrolls when you have finished.

Console	White Multi-Window LED Displays (18-character message center, profile matrix, RPM, and level), cooling fan, USB charging port, Bluetooth FTMS (connects to fitness apps), C-safe
Programs	Manual, Hill, Fat burn, Cardio, HIIT, Interval, 2 Heart Rate, Custom, Fit Test, Constant Power
Resistance	40 Levels
Heart Rate	Contact & Bluetooth Compatible (Chest Strap Not Included)
Foot Pedals	Oversized with fast-latching system
Drive Train	Poly-V Belt with Self-Tensioner
Power	Self-Generating
Flywheel System	14kg / 30lbs
Frame	Heavy-Gauge High-Strength Steel with Durable Powder-Coat Paint
Seat	Dual-Spring Cushioned
Dimensions	2143 x 820 x 1800mm / 49" x 26" x 58"
Product Weight	57kg / 127lbs
Max. User Weight	204kg / 450lbs

RECUMBENT BIKES

The improved frame and updated console design with all white LED provide added durability and a clean look. Now with USB charger and Bluetooth BLE4.0 for increased connectivity and technological enhancements.

CR800⁺ RECUMBENT BIKE

The CR800+ Semi-Recumbent Bike is the perfect bike for the commercial environment. The step-through design and easy-adjust seat makes it easy for your clients to get on the bike and quickly find the most comfortable seat position. The intuitive console offers multiple program options and up to 40 levels of resistance to keep your clients interested and motivated. The extra smooth ride comes from the perfected gearing and the integrated generator/flywheel system.

FEATURES

- Built-in contact and telemetric heart rate capabilities for a more effective workout.
- Generator-powered console means there is no need for outlets or power cords.
- Oversized foot pedals with fast-latching system.
- 40 levels of resistance will keep your clients engaged during their entire workout.
- Oversized foot pedals with fast-latching system.

EASY TO MOVE STEADILY

There are transport wheels integrated into the front floor support tube for ease of repositioning. Simply lift and roll the unit to your desired location.

COMFORT MOLDED SEAT

The seat and backrest are made of high durometer foam pads to keep users comfortable throughout their workout.

ERGONOMIC HAND GRIPS

Ergonomically friendly pulse grip handles are mounted comfortably on each side of the seat for a more natural hand position.

Console	4 White LED windows including Program Profile, 18 character message window, RPM window, LEVEL window
Programs	Manual, Hill, Fat burn, Cardio, HIIT, Interval, 2 Heart Rate, Custom, Fit Test, Constant Power
Resistance	40 Levels
Heart Rate	Contact & Telemetric, (Heart Rate Strap Not Included)
Foot Pedals	Oversized with fast-latching adjustable strap system
Drive Train	Poly-V Belt with Self-Tensioner
Power	Self-Generating
Flywheel System	14kg / 30lbs
Frame	Heavy-Gauge High-Strength Steel with Durable Powder-Coat Paint
Adjustments	14 Positions, Aluminum Seat Rail
Dimensions	1524 x 736 x 1295mm / 60" x 29" x 51"
Product Weight	74kg / 164lbs
Max. User Weight	204kg / 450lbs

ROWER

The CRW800+ Rower now is powered by a durable generator meaning no plug-in required. The battery backup allows for 30+ seconds of data input before workout and the updated console displays important workout metrics on a clean easy-to-read LCD screen.

CRW800⁺ ROWER

The CRW800+ Rower combines a long list of high-performance features with a reliable design. From the convenience of the 508mm frame height and folding storage design to the combined air/magnetic resistance and remote handle controls, the CRW800+ is sure to impress. It is the perfect addition to a corporate fitness/recreation center, school or hotel because the ease of use and resulting unparalleled full-body workout are second to none.

FEATURES

- Air and magnetic resistance (16 levels) for smooth and consistent operation.
- Wireless remote handle controls allow quick changes to resistance.
- Built-in generator, no plug required.
- Commercial grade handle strap is both smooth and reliable.
- Fold-up frame design for easy storage.

EASY STORAGE

A heavy-duty steel frame built to withstand the wear and tear of a commercial environment and folds up for easy storage.

LARGE SEAT

Large contoured seat for ultimate comfort and a convenient 508mm frame height to get users on and off with ease.
