**LIVE YOUR LIFE
WITH SPIRIT**

2021 EDITION

SPIRIT

We built our first fitness product in 1983, with the simple goal of giving our customers the highest quality equipment to help them achieve their fitness goals. It is that same simple purpose which continues today in designing and developing every piece of equipment that bears the Spirit Fitness name. We make sure that each new equipment design meets the same demanding standards that have crafted the Spirit Fitness brand.

Over the last thirty years, our focus has always been - and will continue to be - delivering a quality experience with our equipment. We understand that our products are an investment and we design them to keep pace with your own long term fitness goals. All of our products are produced in our ISO-certified factories for consistent quality.

Spirit aims to improve the quality of life for everyone. We aspire to boost your lifestyle to the next level. We place customer experience and product innovation at the center of our brand, helping you accomplish your fitness goals through unprecedented product details and features tailored specifically for you.

SPIRIT

Setting new standards in commercial fitness

Introducing the SPIRIT 900 Series - our flagship fitness line featuring the very best in design, engineering and quality offering excellent performance and reliability in any commercial environment. The 900 series is packed with the very latest industry-led features and are available with our Ultra-Bright LED console or new TFT Touch Screens.

**RUN WITH SPIRIT
AMBITIOUSLY.**
TREADMILLS

CT900

Optional TV Bracket
Available, Built in Power Port for TV Remote

Robust construction and commercial-grade components make the CT900 the gold standard for treadmills. Specifications for the shocks, rollers, belt and deck were meticulously chosen to give users a smooth workout experience. Powder-coated steel and powerful motor allow owners to rest assured they have products that will stand the test of time.

Our 900 series console was designed to be easy to use with intuitive program operation. The automobile industry „Ultra-Bright“ blue LED displays with backlighting elements make the console easy to read. The program key along with numeric key-pad make for entering data easy, so your client can quickly start their workout. It features the most effective workout, HIIT (High Intensity Interval Training) program along with 18 other options from Fatburn to Cardio. We also incorporate all of the military and other fitness test protocols. In addition to cooling fan, lap display & heart rate sensors.

- ① Integrated adjustable fan
- ② Premium, ultra-bright blue LED display
- ③ LED heart rate graph
- ④ Large LED matrix window
- ⑤ Lap counter
- ⑥ Tablet reading rack holder
- ⑦ Hand grips for HR
- ⑧ Accessory trays

CT900ENT

The CT900ENT Treadmill combines the workhorse quality and construction of the CT900, with the beauty and innovation of an entertainment display for TV, web browsing and music streaming. Featuring a 15.6" touchscreen display, this console features intuitive function and design to make it quick and easy to get on and go. Robust construction and premium-grade components give users a smooth workout experience, whilst giving owners the peace-of-mind to know their equipment will live up to the rigors of consistent use.

The CT900ENT features a modern 15.6" touch screen display and electronics package allows your clients to watch TV, browse the web, and stream their favorite music. Present programs include a wide variety of popular workouts for the average user while fitness tests, heart rate programs and custom program are available for more serious users. The fitness test programs include: the Gerkin and WFI Protocol Fitness Tests, and 6 readiness Test Programs (Army, Navy, Air Force, Marines, Coast Guard, PEB).

User comfort was considered with the addition of the large adjustable grill cooling fan, five convenient accessory trays and ergonomically positioned Heart Rate Grips.

- ① Integrated adjustable fan
- ② Tablet friendly reading rack holder
- ③ Hand grips for pulse tracking
- ④ Accessory trays

WIDER DECK SURFACE

Provide a more natural running /walking experience with quiet operation. It makes your exercise more comfortable.

DURABLE DECK

Double-sided .5mm phenolic coated deck, 3.0" rollers and multi-ply Habasit® belt combine to provide a low maintenance system for thousands of miles.

PULSE GRIPS

Ergonomically friendly hand grips for pulse tracking.

SPIRIT

**RIDE WITH SPIRIT
WHOLEHEARTEDLY.**

UPRIGHT BIKES

CU900

Optional TV Bracket
Available, Built in Power Port for TV Remote

The CU900 Upright Bike boasts features that provide users with precise fit and function and a beautiful console to track performance. The seat height securely locks and adjusts at infinite increments while the molded handlebars provide ultimate comfort. Pedal motion is smooth and consistent with industrial roller bearings and 1" crank axle that can power through any climb.

Our 900 series console was designed to be easy to use with intuitive program operation. The automobile industry's "Ultra-Bright" blue LED display with backlighting elements make the console easy to read. The program keys along with numeric keypad make entering data easy, so your clients can quickly start their workout routine. It features the most effective workout, HIIT (High Intense Interval Training) program along with 9 other options from fatburn to Watts. In addition to a cooling fan, lap display and heart rate sensors. The integrated reading rack also works great with tablets.

- ① Integrated adjustable fan
- ② Premium, ultra-bright blue LED display
- ③ LED heart rate graph
- ④ Large LED matrix window
- ⑤ Lap counter
- ⑥ Tablet reading rack holder

CU900ENT

Users get the best of both in motivation and entertainment with the CU900ENT Upright Bike. The 10.1" touchscreen display allows users to watch TV, surf the internet and stream music while they work out. Three workout display modes gives users plenty of feedback on their performance and progress. Commercial-grade pedals, cranks and bearings provide outstanding function and durability.

The 900 features a modern 10.1" touch screen display that allows your clients to watch TV, browse the web, and stream their favorite music. There are 9 programs from Hill to Interval to a Custom program that allows your clients to create their own workout.

These 9 options with 40 different levels are sure to keep your clients motivated to achieve their goals. Ergonomically friendly pulse grip and multi-position handles are within reach for more variety of natural hand positions while a large adjustable grill cooling fan keeps your clients cool to encourage them workout longer.

- ① Integrated adjustable fan
- ② 10.1" touchscreen display
- ③ Tablet friendly reading rack holder
- ④ Accessory trays

EASY TO MOVE STEADILY

There are transport wheels integrated into the front floor support tube for ease of repositioning. Simply lift and tilt the front end to roll the unit to your desired location.

COMFORTABLE STRIDE

Padded easy in and out ratcheting pedals with 2-degree pedal inversion for a comfortable workout with less stress on your feet.

PADDED SEAT

The seat and backrest are made of high durometer foam pads to keep users comfortable throughout their workout.

SPIRIT

CB900

① LCD Display

② Control Keys

Integrating critical components for gym level performance

The needle bearings that encompass the pedals and flywheel axle, the industrial grade Hutchinson PK poly-V® belt, and our three piece crank work synergistically to create the perfect formula for durability and performance.

COMFORTABLE SEAT

A comfort molded seat allows users to work out for longer stretches with maximum enjoyment.

HIGH PERFORMANCE AND DURABILITY

The needle bearings that encompass the pedals and flywheels axle, the industrial grade Hutchinson PK poly-V® belt, and our three piece crank work synergistically to create the perfect formula for durability and performance.

FOOT PEDALS

Dual function pedal. On one side is a standard flat surface with a toe cage that appeals to the average exerciser.

AB900

The AB900 is a classic design of a classic modality. With its air-driven, isokinetic resistance system, this air bike is a powerful tool for all types of training situations — from low RPM, low load rehabilitation to high performance, high Watt output interval training. Resistance matches the user's effort and accommodates upper-body only and total body exercise. The compact design and eco-friendly rider-powered console allows the AB900 to be placed anywhere in a facility for easy programming integration.

- ① Interval display panel
- ② Quick mode buttons
- ③ Bluetooth® button
- ④ Time, distance, calories, watts, speed, RPM
- ⑤ Heart rate display panel
- ⑥ Control keypad

COMFORTABLE SEAT

A comfort molded seat allows users to work out for longer stretches with maximum enjoyment.

DURABILITY

All Spirit Fitness bikes are built with extra-heavy-gauge steel tubing to give them a stable base, and use high-quality bearings rather than bushings to ensure a longer life and smoother cycling action.

UNLIMITED RESISTANCE

tandard, integrated windscreen to prevent blowback for user comfort.

SPIRIT

RIDE WITH SPIRIT WHOLEHEARTEDLY.

RECUMBENT BIKES

CR900

Optional TV Bracket
Available, Built in Power Port for TV Remote

Built to last, the CR900 Recumbent Bike takes workout ease and comfort to a new level. Step-through design makes it easy for all users to enter and exit the bike. Molded foam seat that infinitely adjusts along the seat rail and quick ratcheting pedals make it quick and easy to get on and go. Commercial crank assembly and extra-large roller bearings provide fluid pedal motion.

Our 900 series console was designed to be easy to use with intuitive program operation. The automobile industry's "Ultra-Bright" blue LED display with backlighting elements make the console easy to read. The program keys along with numeric keypad make entering data easy, so your clients can quickly start their workout routine. ROWERS

CRW900

- ① Interval display panel
- ② Quick mode buttons
- ③ Bluetooth® button
- ④ Time, distance, calories, watts, speed, RPM
- ⑤ Heart rate display panel
- ⑥ Control keypad

Whether placed in a commercial or quality home studio, this rugged indoor rower never disappoints. Guaranteed to enhance any grand environment, CRW900 is complete with a hand lacquered American Ash Blackwood finish.

Flawlessly reproducing the natural catch and consistent resistance of on-water rowing CRW900 packs a punch with 65% greater resistance than standard fluid models – the perfect rower for solid progression no matter the fitness ability.

Offering smart device connectivity, CRW900 features auto-adjust technology automatically correlating the chosen tank resistance with the console display for more accurate and efficient workout.

CRW900 seat height provides you with perfect easy on / off without straining your knees or back . In addition, it also creates a more effective catch/drive position for rowing training.

SPIRIT

EASY-ADJUST RESISTANCE KNOB

10 levels of water resistance with easy-adjust knob to challenge all fitness levels.

ADJUSTABLE FOOTRESTS

Padded footrests for ultimate comfort and easy adjustable straps for a secure fit.

BIG TANK

XL twin tank design with durable multi-bladed impeller for greatly improved resistance range.

SPIRIT

ROW WITH SPIRIT PASSIONATELY.

CLIMBERS

CSC900

One of the original HIIT workouts, a rotating-stair climber has been one of the toughest machines in the gym for more than 35 years. The Spirit StairClimber features a super sleek design, locking stairs for safety and the largest surface area on the market for multiple foot position training options. Added depth to the stairs keep toes from being pinched while feeling like a natural step motion.

- ① Built-in tablet holder
- ② Multi-window display shows vital workout metrics
- ③ Ultra-bright blue LED display
- ④ Easy access program buttons
- ⑤ Numeric Keypad
- ⑥ Large LED matrix window
- ⑦ 2-Speed fan for workout comfort
- ⑧ Built-in accessory trays

SPIRIT

CONSOLE

Multi-window blue LED display with built in fan, integrated tablet rack, and space for accessories.

THE LARGEST STEPPING SIZE

One of the largest stepping surface area of any commercial stair-stepping machine.

REMOTE BUTTONS

Contact heart rate grips, resistance controls, and start /stop switch on handlebars.

SPIRIT

CLIMB WITH SPIRIT AGGRESSIVELY.

CLIMBERS

Building on our heritage and innovation

For over 30 years, SPIRIT has been committed to designing and manufacturing the very best fitness equipment available. The 800 Series continues this tradition and only the highest quality materials are used in our products ensuring exceptional durability and reliability in the toughest environments.

SPIRIT 800 SERIES

CT800

The CT800 is stout and extremely durable, weighing in at over 350 lbs. The combination of the heavy-duty steel frame and aluminum console masts and side rails make it comparable to treadmills at much higher price points in the commercial market. The large workout area makes this model very appealing to walkers and runners.

- ① Fan to keep you cool
- ② Large, blue LED matrix window
- ③ Reading rack holder
- ④ Heart rate percentage profile
- ⑤ Quick speed and incline buttons
- ⑥ Convenient storage compartment
- ⑦ Contact heart rate grips

CT850

Designed to withstand the rigors of a commercial fitness environment, the CT850 features a heavy-duty steel frame, a durable powder coat finish and large steel console masts for ultimate stability and durability. The cool running, brushless 4.0 horse power AC drive motor adds to the reliability of the treadmill while providing the torque and smooth continuous power required by the unique needs of its users.

- ① Fan to keep you cool
- ② Large, blue LED matrix window
- ③ Heart rate percentage profile
- ④ Tablet friendly reading rack holder
- ⑤ Convenient storage compartment
- ⑥ Ergonomically correct contact heart rate grips

BELT

A durable Multi-ply Habasit® belt is included for comfort and long life.

DECK

1" reversible, dual sided, Phenolic wax deck; this deck is maintenance free (other than monthly cleaning) and can be flipped for extra long life.

C-SAFE POWER and COMMUNICATION

The console has C-Safe Power & Communication capabilities for A/V control and virtual racing interaction with WebRacing® software.

CU800

The CU800 was specifically engineered for the commercial environment, from its heavy-duty steel frame to its durable powder coat paint finish. The design focuses on convenience, comfort, and durability. The console offers multiple programs, most with 40 levels of resistance and enough feedback information to make sure your clients never grow bored of the CU800. The extra-smooth ride comes from the perfect gearing and the integrated generator/flywheel system.

- ① Fan to keep you cool
- ② Large LED matrix window
- ③ Ten effective programs
- ④ Heart rate percentage profile
- ⑤ Tablet friendly reading rack holder
- ⑥ 20-character message center
- ⑦ Convenient storage compartment

CONSOLE

The bright LED screen displays all pertinent information is displayed during the workout and a summary of accumulated data scrolls when you have finished.

COMFORT MOLDED SEAT

The dual-spring seat is made of high durometer foam pads to keep users comfortable throughout their workout.

FOOT PEDALS

Pedals have 2° of inversion that help place your body into an anatomically correct position throughout the workout; they are also padded to take stress off of the feet.

TRANSPORTATION

There are transport wheels integrated into the front floor support tube for ease of repositioning. Simply lift and tilt the front end to roll the unit to your desired location.

CR800

The CR800 Recumbent Bike is the perfect bike for the commercial environment. The step-through design makes it easy for your clients to get on the bike, and the easy-adjust seat allows them to find the most comfortable position. The console offers multiple programs, most with 40 levels of resistance and enough feedback information to make sure your clients never grow bored of the CR800. The extra-smooth ride comes from the perfect gearing and the integrated generator/flywheel system.

- ① Fan to keep you cool
- ② Large LED matrix window
- ③ Ten effective programs
- ④ Heart rate percentage profile
- ⑤ Tablet friendly reading rack holder
- ⑥ 20-character message center
- ⑦ Convenient storage compartment

CONSOLE

Accessible and comfortable console designed to make users workout as enjoyable as possible. Features a storage tray for a phone, keys, or an MP3 player. A turbo cooling fan keeps clients cool and encourages them to work out longer. A large, easy-to-read console gives feedback from calories to distance to time.

COMFORT MOLDED SEAT

Pedals have 2° of inversion that help place your body into an anatomically correct position throughout the workout; they are also padded to take stress off of the feet.

TRANSPORTATION

There are transport wheels integrated into the front floor support tube for ease of repositioning. Simply lift and tilt the front end to roll the unit to your desired location.

CE800

The CE800 was specifically engineered for the commercial environment, from its heavy-duty steel frame to its durable powder coat paint finish. Its design focuses on convenience, comfort, reliability, and aesthetic appeal. Facility owners will have the peace-of-mind knowing they have a dependable machine while users experience a fluid total-body workout.

- ① Fan to keep you cool
- ② Large LED matrix window
- ③ Ten effective programs
- ④ Heart rate percentage profile
- ⑤ Tablet friendly reading rack holder
- ⑥ 20-character message center
- ⑦ Convenient storage compartment

CONSOLE

The bright LED screen displays all pertinent information is displayed during the workout and a summary of accumulated data scrolls when you have finished.

COOLING FAN

A turbo cooling fan is standard on the CE800 elliptical. This may just be the reason individuals extend their workout by a few minutes.

FOOT PEDALS

Spirit Fitness elliptical trainers are the only elliptical trainers that have an integrated two-degree inward tilt to make your workout more comfortable. This exclusive design puts you in a more ergonomically correct position. The pedals are also padded, placing less stress on your feet.

PULSE GRIP HANDLES

Ergonomically designed handles that provide a comfortable grip throughout the workout plus two stationary handles on console with pulse grip to easily get an accurate heart rate.

CE850

The CE850 adjustable stride Elliptical Trainer combines our robust and compact front-drive elliptical design with the ability to customize your ideal stride motion from 18 to 24 inches. Our narrow 2" pedal spacing (Q-Factor), large cushioned pedals, and ability to simulate a walk/jog/run through electronically adjustable stride adjustment combine to give you the ultimate cardio workout for your users.

- ① Fan to keep you cool
- ② Large LED matrix window
- ③ Ten effective programs
- ④ Heart rate percentage profile
- ⑤ Tablet friendly reading rack holder
- ⑥ 20-character message center
- ⑦ Convenient storage compartment

CONSOLE

The bright LED screen displays all pertinent information is displayed during the workout and a summary of accumulated data scrolls when you have finished.

COOLING FAN

A turbo cooling fan is standard on the CE850 elliptical. This may just be the reason individuals extend their workout by a few minutes.

DURABLE FRAME

Heavy-gauge high-strength steel frame with durable powder-coat paint means this elliptical is designed to stand the test of time.

ADJUSTABLE STRIDE

The electronically adjustable stride length of the CE850 from 18"-24" in .5" increments accommodates users of all heights. It can also replicate walking, jogging, and running depending on the length of stride chosen.

CRW800

The CRW800 Rower combines a long list of high performance features with a reliable design. From the convenience of the 20" frame height and folding storage design to the combined air/magnetic resistance and remote handle controls, the CRW800 is sure to impress. It is the perfect addition to a corporate fitness/recreation center, school or hotel because the ease of use and resulting unparalleled full-body workout are second to none.

- ① Large blue backlit LCD window
- ② Built-in HR receiver
- ③ Ten effective programs
- ④ Easy-touch control buttons

REMOTE HANDLE CONTROLS

Quick keys for resistance changes
Low battery indicator

FRAME

A heavy-duty steel frame that was built to withstand the wear and tear of a commercial environment and that folds up for easy storage.

STEEL FAN COVER

Durable stainless steel fan cover protects the powerful air/magnetic fan that delivers a smooth workout with 16 levels of resistance.

REMOTE HANDLE CONTROLS

Quickly adjust the resistance between 16 levels without removing your hands from the handlebar.

CONSOLE

Bright, backlit console displays all workout data and is easily adjustable to different angles and heights for perfect viewing.

ADJUSTABLE FOOTRESTS

Flex pedals with easy adjust numbered settings provide users with a comfortable workout.

SPIRIT

CS800

- ① Fan to keep you cool
- ② Large LED matrix window
- ③ Ten effective programs
- ④ Heart rate percentage profile
- ⑤ Tablet friendly reading rack holder
- ⑥ 20-character message center
- ⑦ Convenient storage compartment

The CS800 Stepper combines the familiar dependent stepping action with an arched step-rail design and impressive 16" maximum step height for an effective lower body workout. The narrow 2" pedal spacing (Q-Factor), large cushioned pedals, and solid handrail design combine to give you an incredibly comfortable and space-efficient cardio unit.

CONSOLE

The bright LED screen displays all pertinent information is displayed during the workout and a summary of accumulated data scrolls when you have finished. Features a storage tray for a phone or keys plus a turbo cooling fan.

COOLING FAN

Cooling fans are standard on all of our fitness steppers. This may just be the reason individuals extend their workout by a few minutes.

PADDED HANDLEBARS

Padded handlebars surround the user for a secure and stable workout.

FOOT PEDALS

Oversized cushioned foot pedals for a comfortable feel and that provide a smooth movement pattern.

PULSE GRIPS

Ergonomically friendly pulse grips for a more natural hand position to easily access heart rate metrics during use.

CRS800

The CRS800 Recumbent Stepper is the perfect solution for those clients wanting a low-impact, full-body workout, while performing a functional movement with minimal stress on lower body joints. The seated stepping motion utilizes a linked, linear motion enabling users to self-adjust the stroke length to accommodate their range-of-motion capabilities. The smooth stepping action is complemented with oversized cushioned foot pedals, linked natural upper body motion with large cushioned multi-grip handles, and a step-through frame design for users with limited mobility.

- ① Integrated speakers for MP3 player
- ② Muscle activation profile
- ③ Heart rate percentage profile
- ④ Large 7.5" LCD window
- ⑤ Reading rack holder
- ⑥ Swivel fan
- ⑦ Ten effective programs
- ⑧ Easy-touch control buttons
- ⑨ Convenient storage compartment

CONSOLE

The bright LED screen displays all pertinent information is displayed during the workout and a summary of accumulated data scrolls when you have finished. A storage tray for a phone or keys plus a turbo cooling fan.

COOLING FAN

Cooling fans are standard on all of our fitness steppers. This may just be the reason individuals extend their workout by a few minutes.

COMFORTABLE SEAT

High-density foam seat pads with recline and for/aft adjustment make the CRS800 an exceptionally comfortable option. Plus a fully padded backrest for added support and comfort.

FOOT PEDALS

Oversized cushioned foot pedals for a comfortable feel and provide a smooth movement pattern.

CG800

- ① 4 Individual LCD Windows
- ② Easy-Touch Control Buttons

The CG800 eGlide Trainer was designed for groups / classes or individuals that like to create their own workout scenario in the commercial environment. It will appeal to both runners and cyclists as a cross training modality that is full weight bearing, without the impact. The unique Patented Direct Drive System, optimally weighted pedal arms, dual-action handlebars, 2° inverted foot pedals, and stride length combine to create the perfect formula to assure a frictionless stride. This motion creates what we call the "floating" effect. Once your clients reach a certain RPM, they will start to "float" and experience the smoothest possible gait pattern.

- Patented Direct Drive System produces a unique workout experience.
- Infinite resistance adjustments to satisfy every fitness level.
- Telemetric Heart Rate for hands free monitoring.
- 30 lbs flywheel generates the optimum amount of inertia.
- Battery powered console means there is no need for electricity.
